[Fri, Jan 9, 2015 1:00 PM - 1:30 PM CET](#)

Cloud SAM and ELP

Our Cloud SAM service minimizes software and license administration by delivering Business Intelligence in an online report portal. Our SAM team does all the administrative tasks so you can focus on taking the right actions. Cloud SAM ELP gives you, with a few clicks, your effective licensing position and takes away the hassle of lengthy baseline and ELP projects. Just import your inventory data, enter your licenses and you are done...
